MISSION

Our mission is to teach Catholic doctrine and to develop strong Christian values that give children a knowledge and love of God and their community. We educate the whole child, considering each student's mental, physical and spiritual well-being as well as his or her intellectual development. Our end goal is the development of responsible, moral and caring individuals within the faith community and the world at large.

The three-fold mission of St. Augustine School is to teach the message of salvation which the Catholic Church proclaims; to build community in the life of the church, and to encourage service to the church community and the entire human community. Our purpose is to integrate religion with the rest of living and learning so as to enable students to live as fruitful citizens in a society both locally and internationally. We aim to assist students in the formation of healthy and morally sound lifestyles as they grow in maturity and in their faith.

In the St. Augustine School's environment we aim to meet the needs of children; to treat all with respect and dignity; and to recognize the school's partnership with parents in their primary obligation to educate their children. Thus, our goals include the personal sanctification and social transformation of children by the transmission of Catholic Christian values and beliefs as they move toward their formation as responsible citizens.

A CATHOLIC EDUCATION...

Catholic schools are a major resource for nurturing faith and fostering values in the lives of our children. They are a vital ministry of our parishes and help to make possible the parish mission to teach, make holy, and serve. The teaching of Christian values provides a Catholic identity that is essential to educating the whole person - intellectually, socially, physically, and spiritually.

WOULD YOU LIKE TO LEARN MORE?

We can answer your questions, set up a meeting with a student family, give you a tour of our campus or email you additional information. We welcome the opportunity to share more about a St. Augustine education with you and your family.
